Luke Williams (**Quinoline Yellow / SKAM Records**) once again embraces the music releasing void as we see him divorce the non-azo dye composite pseudonym of yesteryear and power through with his new **Mantle of Gets** moniker.

The final LP of a three part series provides us with a further four tracks of generative spaces, abrasive abstractions and elaborate note tampering. Residing on his own **Uchelfa Recordings** imprint, the compiled sixteen tracks amass a total runtime of just under two hours.

Stalwart and long standing collaborator; **Bhatoptics** resumes defacing duties to provide the finishing hydrophobic polyurethane varnish.

Cash only.
